

## **ACCESSIBILITY POLICY**

Psychedelic Science 2025 (“PS25”) is committed to providing an inclusive experience for all guests, including those with disabilities. This commitment is maintained in accordance with applicable law. We welcome your questions, comments and feedback to improve any issues you may encounter and to increase accessibility to our event and website experiences.

If at any time you have specific questions or concerns about the accessibility of our conference, or a particular Psychedelic Science 2025 web page, please contact us [accessibility@psychedelicsscience.org](mailto:accessibility@psychedelicsscience.org). As part of its ongoing commitment to excellent customer service, PS25 will endeavor to accommodate all such requests (except when the accommodation would impose an undue burden to PS25 or where the requested accommodation would constitute a fundamental alteration to the nature of the PS25 program, service, or activity at issue) and will always do so where legally required. Accommodations will be made in a timely manner and on an individualized and flexible basis.

Psychedelic Science 2025 is committed to facilitating the accessibility and usability of our event website for all people with disabilities. Psychedelic Science 2025 is currently in the process of implementing the relevant portions of the World Wide Web Consortium's Web Content Accessibility Guidelines 2.0 Level AA (“WCAG”) as its web accessibility standard. PS25 monitors WCAG on an ongoing basis for updates and changes to the Guidelines. PS25 recognizes that information technology is a dynamic field and this Policy will be updated as necessary as technology and accessibility-related issues evolve.
